

**ADA | BNB | BSV | TRX | XLM | XTZ | IOT | DOT**

You have opened a position of 850 lots DOTUSD at the price of 29.7788 USD.

**Total Volume:**

$$850 \text{ Lots} \times 1 \text{ (contract size)} \times 29.7788 \text{ (opening price)} = 25,311.98 \text{ USD}$$

In this case, the aggregate notional USD value of open positions on DOTUSD is greater than 3,000 USD but less or equal to 60,000 USD which falls within Tier 1, 2, and 3, therefore, leverage of 1:500 is provided for the first 10,000 USD, leverage of 1:200 is provided for the next 10,000 USD, and leverage of 1:100 is provided for the remaining 5,311.98 USD.

CALCULATIONS:

$$10,000 \times 1/500 = 20 \text{ USD}$$

$$10,000 \times 1/200 = 50 \text{ USD}$$

$$5,311.98 \times 1/100 = 53.1198 \text{ USD}$$

$$\text{Margin requirement} = 123.1198 \text{ USD}$$

Account currency is BTC, therefore  $123.1198 / 21,000$  (BTCUSD price)

$$\text{Margin requirement} = 0.005862 \text{ BTC}$$
